**Subject:** HTC Soil Data Summary  
NFB Site Soil Data Compilation 12-07-2016.xlsx

Good Afternoon:

I am having a hard time finding the HTC Site Soil Data Compilation Excel File. The comparable NFB file is attached. This would have the 2013 Pre-Remedial Tabs (SAT) as well as all of our soil data results. I know we have to update the PRG (SSAL) values for HTC but I recall we had preliminary values. For the more recent data values, we will have comparable HpGe results that Chad obtained that will also need to be put side by side with the lab data.

Please let me know.

Thanks

Regards,
